Your home is near and dear to your heart, so why leave it? With increased life expectancy across the nation, people are looking to remodeling as a resource for aging in place and creating comfortable multi-generational living environments for everyone. We want you to love the home you live in—for many years to come!—which is why our Universal Design Certified Professionals can readily assess your needs for the present and future.

In our latest blog, learn about features you can include in your next remodeling project that will create a multi-generational space!

# Company News

The DiFabion Remodeling Team recently got together for our quarterly company outing. We celebrated all of our first quarter projects with some food and fun at Rack'em Pub and Billiards in Matthews. Here's to hoping our second quarter is way more successful than our pool skills!

---

**PROJECT SPOTLIGHT**

The existing peninsula severed the connection between the kitchen and the family room. Lacking in storage and in need of updating, our client was seeking to bring a modern professional kitchen into the home. To open up the footprint, removing the peninsula was a must. An island was incorporated in its place maximizing flow and prep space. A dining space with built-ins was arranged within the existing family room to maximize storage space and flow.

Key features of this new layout include commercial appliances, soapstone counters, floor to ceiling subway tile, a new transom window,

a custom pantry, custom inset cabinetry, farm sink, and brass finishes.

# DESIGN DISTINCTIONS

*...with Jackie and Jaclyn*

*Our vision is to create a memorable brand experience while enhancing the quality of life for the clients we serve.*

If you're planning to do a kitchen a remodel, a big first step in the process is deciding on the best time. The vast majority of our clients find that summer is the perfect time to take the plunge. Kids are out of school and not on as demanding of a schedule, the weather is nice for outdoor grilling, those family vacations are underway, and the holidays are nowhere in sight. The beautiful weather allows you to stay out of the house and your gorgeous new kitchen is complete just in time to show it off to family and friends over the holidays!

## OUR MISSION

Our mission at DiFabion Remodeling is to deliver an exceptional remodeling experience built on Trust, Vision, Pride, and Family, with the goal of exceeding our clients' expectations in every way.
