## DiFabion Wins Big!

DiFabion Remodeling was recently named Contractor of the Year at NARI Charlotte's 2018 CotY Award gala on November 9th! Each year, remodeling professionals from the greater Charlotte area showcase their work, and a panel of judges evaluates each entry based on different categories. The categories often include: level of difficulty, problem solving, aesthetics, and other criteria. This year, DiFabion Remodeling took home 5 CotY Awards in the categories of Best Kitchen \$30-60k, Best Kitchen \$60-100k, Best Kitchen Over \$150k, Best Bathroom \$75-100k, and Best Entire House \$250-500k. On behalf of the entire DiFabion Remodeling family, we would like to thank all of our

wonderful clients, trade partners, and vendors for being a part of this tremendous honor. View our award-winning designs in our gallery, and wish us luck in the Regional and National competitions!

## TESTIMONIALS

"Every aspect of our experience with DiFabion far exceeded all of our expectations, from their communication with us to their respect for our home, to the design team helping us choose materials that kept us on budget; not to mention the finished project!"

- K.L. in Charlotte

## PROJECT SPOTLIGHT

The existing bath was dated with a tiny shower and platform tub. Inadequate lighting and one small window made the space feel dark. Vanity storage was also lacking. Key features of the new layout include a wet room with free-standing tub and spa-like shower featuring bodysprays, three shower heads, and frameless glass. Finishes were updated with granite countertops, bevel subway tile, white subway tile, and a hexagon mosaic. Countertop-to-ceiling mirrors were installed with metal trim, making the space feel more open.

# DESIGN DISTINCTIONS

*...with Jackie and Jaclyn*

*Our vision is to create a memorable brand experience while enhancing the quality of life for the clients we serve.*

We are seeing a resurgence in requests for stained wood cabinetry! Our clients are finding that cabinetry companies have made great strides in creating standard stain colors that are inline with current trends – warmer woods, cooler grays, and overall lighter tones. Using a lighter, stained wood on cabinets allows for the grain to shine through the finish. We love the warmth and depth that the wood tones bring to a space. Also, the durability and longevity of a finish that is meant to age (unlike paint) is another bonus.

## OUR MISSION

Our mission at DiFabion Remodeling is to deliver an exceptional remodeling experience built on Trust, Vision, Pride, and Family, with the goal of exceeding our clients' expectations in every way.
